Dear [redacted]

I refer to my letter to you of March 10, 1978. I travelled to the People's Temple Agricultural Mission yesterday, May 10, and talked with your sons.

I informed them both of your interest in seeing them, gave them your address and suggested that they write to you.

As I mentioned in my previous letter Michael is acting as the staff photographer. Christian told me that he is a foreman of a group carrying out electrical repairs at the Mission. Both were tanned and appeared healthy. They indicated to me their satisfaction with their present activities. Hopefully, you will be hearing from your sons in the near future.

Please accept my best wishes.

Sincerely,

Richard A. Mc Coy
American Consul

c.c. Ms. Lisa Gonzales, Staff Assistant to Congressman Philip Burton.
